SOFTWARE ENGINEER INTERN

Final year Electronics and Telecommunication Engineering student with Software Development Engineer internship experience and hands on full stack application development. Experienced in building frontend and backend workflows using React, TypeScript, Node.js, REST APIs, and databases. Practical experience with authentication, API integration, data persistence, debugging, Git based development, and application deployment. Interested in building reliable web applications and strengthening backend engineering skills in a collaborative engineering team.

Technical Skills

- **Languages:** JavaScript, TypeScript, Python, Java, C, SQL
- **Backend:** Node.js, Express.js, REST APIs, JSON, API Integration, JWT, Authentication, Authorization
- **Frontend:** React.js, HTML5, CSS3, Tailwind CSS, Vite, React Leaflet
- **Databases:** PostgreSQL, MongoDB, Oracle SQL, Firebase, Firestore, Supabase
- **Tools and DevOps:** Git, GitHub, Docker, Linux, AWS, EC2, S3, RDS, GitHub Actions, CI/CD
- **Testing:** API Testing, Functional Testing, Integration Testing, Debugging, Data Validation
- **AI Integration:** Python Model Integration, TensorFlow, Gemini API, Image Analysis

Experience

MCMH June 2026 to September 2026

Software Development Engineer Intern

- Developed full stack product features using React, TypeScript, Vite, and Supabase, connecting frontend interfaces with backend services and persistent data.
- Implemented application components, API integrations, database operations, input validation, and feature workflows within an existing software codebase.
- Investigated and debugged UI behavior, API responses, database interactions, and data flow issues to identify and resolve functional defects.
- Used Git based development workflows to manage source changes, develop features, troubleshoot issues, and integrate application updates.

Software Development Projects

OneMeal | Food Donation Platform GitHub Live Demo

- Built a full stack platform connecting food donors, NGOs, and receivers through donation management, authentication, and location based workflows.
- Integrated Firebase Authentication and Firestore to manage user access, persist application data, and synchronize donation related records.
- Integrated Gemini API for food image analysis, Google Translate API for multilingual support, and React Leaflet with OpenStreetMap for location based functionality.
- **Tech:** React.js, TypeScript, Vite, Firebase, Firestore, REST APIs, Gemini API, Tailwind CSS

AI Stroke Detection System | Full Stack AI GitHub

- Developed an end to end application for authenticated CT scan uploads, stroke classification, lesion mask generation, and results visualization.
- Built React and Express.js workflows connecting REST APIs, JWT authentication, MongoDB persistence, file uploads, and Python model inference.
- Integrated image processing, TensorFlow inference, backend processing, and dashboard visualization into a connected application pipeline.
- **Tech:** React.js, Node.js, Express.js, REST APIs, MongoDB, Python, TensorFlow, Docker

OneOps | AI Incident Commander GitHub Live Demo

- Developed a prototype for software incident response covering incident detection, engineering context, source inspection, diagnosis, remediation proposals, verification, and incident history.
- Integrated Node.js REST APIs and GitHub API workflows to retrieve repository context, inspect source information, and support structured troubleshooting.
- Designed workflows connecting diagnosis, proposed fixes, verification steps, and operational history to support reproducible incident investigation.
- **Tech:** JavaScript, Node.js, REST APIs, GitHub API, Git, Docker

Education and Leadership

Education

N. B. Navale Sinhgad College of Engineering, Solapur

B.E. Electronics and Telecommunication
2023 to 2027 | 8.43 SGPA through Semester VI
HSC: 77.23% | MGSM's Arts, Science and Commerce College, Chopda

Leadership and Achievements

Associate General Secretary; Departmental Cultural Secretary
Hackathons: 1× Winner; 2× Top 4 Finishes
Languages: English, Hindi, Marathi
